SITUATION IS VERY SERIOUS

Peculiar Conditions Faced
by Washington Town-
ship School Trustee

ANY MORE IS VIOLATION

All Over the Laile's School Which
Was Abandoned Last
Year.

One of the most peculiar and serious
school situations in the history of Rush
county is the one at present facing
Trustee George Hall and patrons of
Washington township at the Laile's
school.

Last year because of the small at-
tendance of less than twelve the law
compelled Trustee Hall to close school
last year. This year, as a matter of
course, no teacher was hired in com-
pliance with State law, which is ex-
plicit on this point that the school
shall not be opened the following year
after it has been abandoned.

This year when the schools were
opened there were twenty-one pupils,
to go to school in the district, but ac-
cording to the law the trustee could
not reopen the abandoned building.
But the law also, compels the trustee
to transport the children to another
school, when a school is abandoned in
that district and this he would gladly
do, but already the township is
bonded to the limit and the State law
will not allow him to borrow any
more money, which he must do if he
hauls them to another school. If he
borrows the money to purchase a
hack to convey them, he will violate
the law. If he opens the school he
will also violate the law and if he
does not give them the school advan-
tages he will be in violation of the
law.

The situation is indeed a serious
one and a conference was held all day
yesterday at the county superintend-
ent's office to adjust matters. The
strangest and best thing in the matter
is that everyone is in harmony, both
patrons and trustee, and all are try-
ing to do the best thing for all within
the bounds of the law.

Trustee Hall is a level headed officer
and he will call a meeting of the ad-
visory board this week in the hope of
adjusting matters in some lawful and
satisfactory manner.

CONSOLIDATION BEARS GOOD FRUIT

Milroy's \$50,000 School Building
Result of Abolishing Little
Red School House.

Accompanying a picture of the new
school building the Indianapolis News
last night published the following
from Milroy:

One of the finest township school
buildings in this part of the State is
being erected here. When completed
it will cost \$50,000. It will contain
nine rooms and auditorium, besides
the basement. Each room is to have
a large cloak room, and there will be
spacious halls on each floor. The
auditorium has an inclined floor and
balcony with a seating capacity of
450. Red brick, trimmed with Bed-
ford stone and terra cotta work, is
being used in the construction, and
the building will be 98x105 feet. It
will be heated with a hot air furnace,
natural gas being used for fuel and
lighting.

The schools of Anderson township
will be consolidated in the new build-
ing. There is also a four-year high
school course. W. W. Schilling, of
Troy, O., is the architect, and W. H.
Isgrigg & Son, of Greensburg, the
builders.

I. & C. OPERATES THEIR OWN EXPRESS SERVICE

The U. S. Express company which
recently lost the Lake Erie railroad
transportation has secured operating
many traction lines en-
gines and will strive to
keep them in operation.

"When The Cockleburbs Mature, Jessie Dear."

When is a frost due, is an all ab-
sorbing question now with the many
corn growers of this county. The
question was up before an adjourned
meeting of the Ananias club on the
court house lawn—in the shade—this
morning. "When the cockleburbs
begin to mature" said one of the
crowd "look out for a frost."
"They are already doing that,"
said another. And as no one disputed
his word—something unusual in
Ananias circles—look out for an
early frost.

WILL ORGANIZE WATSON CLUB

Rush County Will Take the
Initiative in Organization
Next Monday Evening

GENERAL CALL IS GIVEN

To the Republicans of This Coun-
ty to Get Behind the Big
Boom

Rush county will inaugurate a
movement next Monday evening at
the court house which many counties
over the State will soon be emulating
—that of organizing a "Watson Club."

Perhaps no man in recent years ever
aspired for the Governorship who
had a wider acquaintance than "Our
Jim." He has spoken and shaken
hands in every county in the State;
this summer he has made addresses in
thirty-two counties, and suffice to say
that he has a strong following and
many ardent supporters in nearly every
precinct in Indiana.

Republican County Chairman
William A. Frazee and Secretary
Charles C. McCoolin today authorized
the following announcement:

"Everybody who is interested and
desirous of seeing Hon. James E.
Watson nominated for Governor of the
State of Indiana are requested to be
present at a meeting to be held at the
assembly room at the court house on
Monday evening, September 23d, 1907,
at 7:30 o'clock for the purpose of or-
ganizing a 'Watson Club.'"

MEMBERS OF THE BAR WILL ATTEND FUNERAL

Rush County Lawyers Will Pay
Last Tribute to Col.
Tackett

The members of the Rush county bar
met this afternoon in order to arrange
for attending the funeral services of
the late Col. M. D. Tackett, who died
at his home in Greensburg yesterday
morning. Several ex-county officers,
who were in the service of the county
during the years he was prosecuting
attorney in the Rush and Decatur cir-
cuit, will also attend the funeral ser-
vices.

The ex-county officials and members
of the bar will go in a body. They
will leave this city on the 8:14 Big
Four train and return on the 5:55
train in the evening.

These Hunyaks are a Dressing and Polite Bunch

Have you ever noticed the laborers
employed here on the sewer? They
are a different breed of the "Hunyaks"
from the ordinary. When we hear the
word "Hunyak" we immediately as-
sociate it with the "dago," many
people are not aware of where the
"Hunyak" comes, why he comes and
why he is here. The word is a cor-
ruption of the natives of Hungary,
and embraces Hungarians, Bulgarians,
Slavians, Macedonian-Greeks, Ital-
ians and Roumanians. The gang that
now holds forth here are among the
politest laborers ever in this city.
They never enter or leave a business
house but what they tip their hats.
Unlike many who come to this country
to toil and save every penny to return
to their native heath with a fat purse,
this particular brand of "Hunyaks"
wear neat clothes each Sunday
and a few of them have watches
and pieces of jewelry.

"UNCLE JACK" TO PUT ON ARMOR

And Enter the Arena Carry-
ing the Watson Banner
to Victory

THE CAPTAIN STANDS WELL

And Has Many Staunch Friends
Throughout Indiana and
Very few Enemies

It is generally understood that Capt.
J. K. Gowdy, of this city, will be a
prominent factor in the Watson gub-
ernatorial campaign. The two men
are very intimate friends, and Mr.
Watson could hardly find a more com-
petent person in all of Indiana than
"Uncle Jack" to confer with in mat-
ters politic. The "old State wheel
hoss," who piloted Indiana to one of
its greatest victories, quit the field of
active politics with more friends—
both "denominations"—than possibly
any man who was ever recognized as a
leader in State politics.

The Indianapolis Star publishes the
following regarding the importance of
a good manager:

"It has been reported that Union
Banner Hunt, who was J. Frank Han-
ly's manager in 1904, will serve in the
same capacity for Mr. Watson, but
Mr. Hunt says the report is untrue.
From other sources it is learned that
Mr. Watson probably will make a
heavy draft on the wisdom of that
shrewd old political general, Uncle
Jack Gowdy. It is expected that
Watson also will be surrounded by a
number of bright young men of politi-
cal experience.

"Now that two candidates for Gov-
ernor—Miller and Watson—are for-
mally in the race, there is much specu-
lation as to who will be their political
managers. In recent years it has
been the custom of gubernatorial
candidates in Indiana to have "man-
agers." While the aspirant is galliv-
anting over the State doing a tall hand-
shaking stunt the "manager" remains
at home and wrestles with the candi-
date's trouble sheet. The "manager"
has grown to be a very important
campaign functionary and is depended
upon to straighten out whatever dif-
ficulties and entanglements may con-
fuse the candidate's path. L. G. Roth-
child, a Beveridge appointee, is
known as Charles W. Miller's Fidas
Achates, but whether he will act as
Miller's manager throughout the cam-
paign is yet to be seen."

RUSHVILLE HAS NEW ORGANIZATION

Initiation Fee is Free to the
Unofficial Town Booming
Committee.

Do you belong to "THE CITIZENS'
COMMITTEE?" This committee is
made up of the men who sit around an
excavation for a new building, whistle
pine sticks, spit tobacco juice on the
fresh dirt and watch the other fellows
work.

It's all right to show interest in new
buildings, in town development and
progress, but there's a better way.

You can do more good for yourself
and the community by resigning from
"The Citizens' Committee" and get-
ting into the General Progress Com-
mittee.

This committee is one that PUTS
UP THE NEW BUILDINGS, brings
new business into town to occupy
them, paints the old houses, keeps the
sidewalks in good repair, beautifies the
front yards and otherwise makes this
town a better town to live in.

The General Progress Committee
is the Unofficial Town Booming Com-
mittee. It really ought to be organiz-
ed and made official. Let all of us
work together for the advancement
of the town we live in, and there will
be more room around new excavations
for the fellow at work to throw out
the dirt.

Eternal industry is the price of pro-
gress.

Let's all fall in line for the General
Progress Committee—and then
JUST WATCH THE OLD TOWN
GROW.

Father Lost 24 Babies.

Think of a poor man losing twenty-
four babies. Such was the sad plight
of an unfortunate father who wended
his weary footsteps to this city last
night. But he was none other than
"Joe the Baby Rack Man" who con-
ducted a baby rack in front of Betker's
store last week. In packing up his
paraphernalia Saturday night he
omitted to give specific instructions
to the drayman and the stuff was
loaded along with the Robinson
Amusement company's material. At
the Big Four depot, they put the stuff
aside on seeing that it was not their
property. Joe had it marked for Terre
Haute, and went on to that place
Sunday, but the "babies" did not
show up, and "mother-like" he began
to worry. He landed here last night
whistling "Where are my wandering
boys tonight," and was whistling a
hot rag before he left here, after he
found the family at the freight de-
pot.

FIRE ALARM SYSTEM ON RURAL PHONE

Call Brought Out Twenty Four
Fire Fighters in a Few
Minutes

Few people stop to realize what a
"nearness" the telephone makes with
rural residents and how close it brings
country people to each, but a fire at
the home of Henry Morelock in Posey
township this week brought out that
fact in a forcible manner.
Within twenty minutes after his
home was discovered on fire, twenty-
four neighbors from as many different
homes were on the grounds, in spite
of the fact that the closest house is
one-half mile distant. Consequently
the loss was small, as fifteen dollars
would cover it.

INCOMPETENT OF MANAGING AFFAIRS

Will be the Argument of Attor-
neys Bringing Lunacy Charge
Against Mrs. Duke

The Duke suit, which will soon find
its way into the Rush circuit court,
as attorneys for Lola Wright, the
plaintiff, are preparing lunacy pro-
ceedings against America Duke,
promises to be one of the warmest
contested suits filed for some time.

The attorneys will ask that a guar-
dian be appointed over the woman
who deeded about 600 acres of land to
her son, Walter Duke, and that the
deeds be set aside. They declare that
she is wholly incompetent of managing
her affairs, being a sufferer of hypo-
chondria.

ON TO BOSTON IS THE RANK'S SLOGAN

Festival Fund Will be Used by
Ivy Company for Eastern
Trip

"On to Boston," is the slogan of
the local Uniform Rank, K. of P.
The nickles and dimes collected last
week have been counted and a grand
total of something like \$700 was
found. This fund will be used by
Ivy company towards paying their
expenses to the national encampment,
where they will compete in the drill-
ing contests.

Despite the inclement weather and
the off week—it being State fair week
—the boys cleared a handsome profit,
and are delighted with the success
of the festival.

A WELL KNOWN POET HONORED

Photo of Benjamin S. Parker
on Souvenir Postal
Cards

SON LIVES IN RUSHVILLE

Aged Poet Was Instrumental in
James Whitcomb Riley's
Literary Success

Benjamin S. Parker, father of Jet
Parker, of this city, has been highly
honored by a Chicago firm in placing
his photo and a verse from his favorite
poem, "Tis morning and the days
are long," on a souvenir postal card,
one of which has reached the Rush-
ville postoffice.

The aged poet whose home is at
present in New Castle, is one of the
foremost and best known writers of
Indiana and his poems are read in
every country in the world. Mr.
Parker is a frequent visitor at the
home of his son in this city. While
here during the county fair, in an
interview, the venerable poet, remark-
ed that the crowds were too large for
him. He rather likes the solitude of
nature and a few friends.

Mr. Parker arranged the first public
entertainment that James Whitcomb
Riley ever gave, and helped the popu-
lar poet to the rank which he has at-
tained. The gray haired old man,
whose photo appears on the postal
card is now 74 years of age, but he is
still active in his literary work and
has recently published a volume of
his poems entitled, "Afternoontides,"
which has found favor among literary
critics, throughout the country.

Some of the local dealers have
placed orders for the souvenir postal
cards, which do honor to the Indiana
poet. The lines on the card are taken
from his "Afternoontides" and are as
follows:

"When down the river flowed the
song,
'Tis morning and the days are long."

CONNERSVILLE TO GET ON THE WAGON

Not a Water Wagon, However,
But a Substitute For City
Street Cars

Connerville has no city street car
service, but if a rumor that is now
circulating materialize they will soon
have the next best thing—an automo-
bile, or more strictly speaking a
"wagonette" service, so arranged as
to accommodate a great many people.

F. R. Beeson, of that city, it is un-
derstood, is the promoter and proprie-
tor of this new enterprise. The
"wagonette" is a gasoline machine,
with a capacity of twenty-two passen-
gers.

It is the intention to adopt a sched-
ule which will be closely followed,
the trips to and from the north end of
the city being made regularly, and as
many trips made as the patron-
age demands. The regular fare will
be five cents each way.

This service will no doubt prove
popular, of great convenience to many
people, and profitable to the enterpris-
ing gentleman who is to establish it.

The plan may also lead to a more
extensive arrangement

LOCAL MASONS WILL ATTEND THE DEDICATION

The Blue Lodge of the local Masonic
order will go in a body to Connerville
this evening to attend the dedica-
tion of the remodeled Masonic
temple in that city.

The Connerville lodge has arranged
for a big time tonight and the local
lodge have a special invitation. They
will leave on the 6:44 I. & C. car.

rier, has been appointed substitute post-
office clerk.

Ate Jack Snipe Until The Cows Came Home

One of Rushville's leading nitro-
dors and a heretofore recognized authority
on wild game and hunting fairs got
"stung" good and proper Tuesday
evening. A young sportsman killed
a number of cow birds Tuesday after-
noon, picked them and cut their feet
off, and when he offered the string of
forty-two "dwarf snipes" for the
sacrificing price of one dollar and a
half, Mr. Nimrod took the string and
run clear under the drift with it. A
feast for the gods (and a few local
blooms) was served that evening—but
the Pure Food inspectors did not get
word of it.

RUSH COUNTY IS TO BOOM MARY

Admirers of Plucky Girl Sta-
tistician Will Launch Her
Candidacy Soon

GIRL MET MANY VISITORS

During State Fair Week Miss
Stubbs Showed Her Master-
Hand as a Politician

It is understood that a boom for Miss
Mary Stubbs, the State Statistician,
appointed by Governor Hanly to fill
the unexpired term of her father, who
succumbed, will be launched by Rush
county admirers of the capable young
lady. To several of her ardent sup-
porters from this county, who called
at her office in the State house last
week the girl politician gave out the
fact that she intended to be a candi-
date in the coming convention, and
this caused her friends to immediately
take their positions in the trench.

Being State fair week, the statisti-
cian's office was converted into a
reception parlor for the many visitors
from over the State, who called to
have a little chat with the plucky
young lady who has made such a good
record since her appointment. Many
visitors from the rural districts would
enter timidly and after receiving a
cordial greeting, feeling "at home"
would give out a familiar exclamation:
"I never met you before Mary,
but I knew your father, Joe, and I
liked him, and I'm seeing you are
a child of your father."

LARGE CROWD AT UNION MEETING

Interesting and Profitable Time
Was Had at the Christian
Church

The union meeting held at the Main
Street Christian church yesterday af-
ternoon was attended by about three
hundred women from all parts of the
county, and was one of the most de-
lightful and profitable meetings held
for some time.

The occasion was the entertaining
of all the missionary societies of the
seventeen Christian churches in this
county by the Ladies Missionary so-
ciety of the local church.

A most interesting program was
given. Everyone was pleased with the
original missionary story read by the
author, Mrs. Mary A. Holmes. Others
who read highly interesting papers
were Miss Hattie Kerr and Mrs. Ros-
coe Smith, wife of the Little Flatrock
church minister. Miss Norma Smith
gave an excellent recitation, and Miss
Mary Dean presided at the pipe organ
and entertained with several artistic
numbers.

One of the pleasant features of the
afternoon was the vocal quartette by
Mrs. Carl Beher, Mrs. R. J. Wilson,
Miss Alice Norris and Miss Bertha
Megee. Miss Grace Megee gave a
pleasing piano solo, and the closing
number, a vocal duet by the Misses
Ida Mariani and Hazel Spurrier, was
one of the treats of the program.

Refreshments of cake and lemonade
were served in the church parlors dur-
ing the social hour.

Oklahoma will know more when she
gets older and will swing gracefully
into the Republican column with her
"dry" neighbor, Kansas.

WATSON MAKES RELAY ATTACKS

Is Conducting Three Ring
Letter Writing Affair in
His Office

WHICH IS "NO CIRCUS"

"Most Formidable" Candidate
for Governor is Litterly and
"Letterly" Swamped

If you want to give your body a
charge of electricity and work up a
nervous energy these quiet, dull stupid
days, pay a visit to the private offices
of Congressman Watson and take a
look-in. Don't trouble yourself to
say anything for these are strenuous
times. The battle is on, and a braver
general than Watson never faced the
enemy, for if ever a man would feel
like falling back or retreating, it
would be after he sized up the morn-
ing mail—a stack of letters that a gray
hound could not jump over without a
running start, and to appreciate that
each one of the missives requires a
personal answer.

The letter writing process in Wat-
son's office now is a sort of a three
ring affair. Mr. Watson has three
stenographers, the Misses Lois Daw-
son, Dove Meredith and Nannie Hog-
sett, and he attacks them in relays.

With pencil and note book in hand
they are ushered in and given enough
dictation to write on a typewriter for
an hour or so. Then another lamb is
led to the slaughter. The "most
formidable" candidate for Governor
dictates a letter about every two
minutes and two strokes of his hair.
Of course he is interrupted often, but
the worse source of annoyance is in
answering long distance and local
telephone calls, of which there are
many. It was suggested to him today
that he take up the deaf and dumb
language so as to be able to talk on
his hands while he answered phone
calls.

The announcement of his candidacy
proved a Get-Mail-Quick scheme, and
from every corner and nook of the
State, mail is pouring in. His office
has an air of Scranston, Pennsylvania,
about it; Blackstone is covered with
unopened letters, and the "Acts" are
literally blanketed with mail. Most
anyone who drops in are immediately
pressed into service to officiate as office
boy.

Mr. Watson will personally conduct
his campaign from Rushville for sev-
eral weeks, when a bureau will proba-
bly be established in Indianapolis,
which will attend to the many details
and routine work which falls to the
State candidate's lot. Then this will
afford the gubernatorial candidate an
opportunity of giving more time to
shaking hands around, smiling on the
fair sex and to the kissing of the
babies.

TAX BOARD WILL ASSIST COUNTIES

In Collecting Delinquent Taxes,
Board Will Give Legal
Support

Letters to the county treasurers over
the State are being prepared at the
State auditor's office announcing that
the State Board of Tax Commissioners
will lend its moral and legal support
to the counties of the State in collect-
ing delinquent taxes.

This announcement follows a deci-
sion of Attorney General Bingham
to the effect that the board has the power
to enter the several counties and assist
in the collection of delinquent taxes.

Each county treasurer will be asked
to submit a list of delinquents and the
amount of the delinquency, properly
totaled, to the State Board. Local
authorities in many instances have
found it hard to collect from delin-
quents, but it is believed that support
from the State Board will remedy the
evil.

POLITICAL GOSSIP

Several Aspirants for Watson's Seat in Congress Are Named.

Indianapolis, Ind., September 19.—State Senator E. E. Moore of Connersville, stated here today that he expects to become a candidate for the Republican nomination for congress in the Sixth district to succeed James E. Watson of Rushville, who has entered the race for governor. Moore's term as senator has just ended. He made a good record in the legislature which he hopes will be of benefit to him in the contest that is being waged for Mr. Watson's place in congress. F. T. Roots and Mayor Barrows of Connersville are talked of for the nomination, but it is said that there will be only one candidate from that place. Moore hopes to be able to lead the delegation there. It was reported here today that C. E. Shively of Richmond, who has been boomed for the nomination, will not be a candidate. After formally announcing his candidacy for the Republican nomination for governor, Congressman Watson left for his home in Rushville. It is probable that he will open headquarters within a few days. The brief announcement of his candidacy is regarded as an indication that he does not expect to be the candidate of any faction or any clique. He says he is in the fight to win, and he seems to be ready for any kind of hard work.

According to former Mayor John W. Holtzman of Indianapolis there will be no effort made in Indiana during the next two years to establish a branch of the Hearst Independence League. It was the understanding that he was to have one of the thinking parts if the league gained a foothold in Indiana, as he was a member of three or four secret confabs at the Hotel English here at which the league "resolved" Chairman Taggart into political oblivion. Some time ago some of the more earnest followers of Hearst announced that a branch of the Independence League was being organized very successfully, but there has been no evidence up to this time that it was making any headway. Holtzman says he is not making a fight on Taggart and is not identified with the Independence League.

It was "dog meat" on the stand of Charles Cherdron, a meat dealer, arrested by Meat Inspector Stout some time ago, according to Cherdron's testimony in the police court. When Stout visited the market he confiscated a chunk of meat from Cherdron's counter and carried it with other alleged putrid chunks to the home of Judge Whallon to have it condemned. The defendant denied that he intended to sell the meat for human food, and testified that it was dog meat and was to be sold only as dog food. Stout had a witness, a woman, who was not called to testify. Judge Whallon said her testimony was not needed, and he fined Cherdron \$10 and costs. Afterward the woman said she saw "bad" meat on Cherdron's counter and asked about it. She said he boasted that he would sell it to someone.

The state board of medical examination and registration closed the taking of testimony at Bloomington in the case of Dr. Fleener, accused of filling illegal liquor prescriptions, and a report will be made at the October meeting. It is said the board also heard testimony against two other physicians, who will be asked to answer a similar charge. Two drug stores are also to be reported to the state board of pharmacy for carelessly filling liquor prescriptions.

For the purpose of buying ground for a city hall, whether the city rents the proposed new wing of the courthouse or proceeds at once with the erection of a city hall, an ordinance has been introduced in the city council for the transfer of the sum of \$150,000 from the city hall building fund for the use of the board of public works. The ordinance is in the hands of the council city hall building committee.

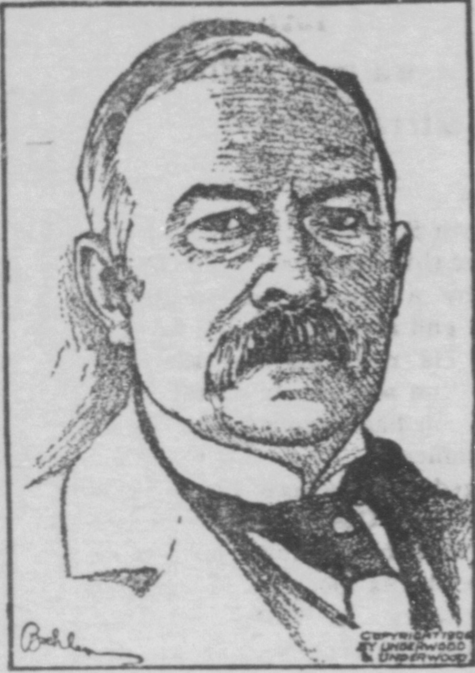

Governor Hurries Home. Washington, Sept. 19.—Governor Hanly of Indiana was in Washington for a few hours last evening. He arrived at 5 o'clock, accompanied by Mrs. Hanly, from Columbus, O., where he delivered an address Tuesday. He was billed to speak here today, but he received a telegram here announcing the illness of his daughter at Lafayette, and canceled the dates and returned to Indiana by the first train last night.

"VIEWED WITH ALARM"

Mr. Foraker Fears the Constitution is Going to Pieces.

Hillsboro, Ohio, Sept. 19.—United States Senator Joseph B. Foraker, in addressing several thousand residents and former residents of his native county of Highland, reviewed with alarm the desire which he claims is prevalent in certain parts of the coun-

try for a change or broader and different judicial interpretation of our national constitution. Senator Foraker supported the theory of "states' rights" as opposed to "centralization of power," by saying that "no greater calamity could befall this country than for it to so change its constitution as to authorize the federal government to deal with all or any considerable part of the subjects over which the states reserved control."

GREAT STRIKE IMMINENT

England Threatened With Most Serious Labor Trouble in Her History.

London, Sept. 19.—Between forty and fifty thousand members of the boilermakers' society will be locked out Oct. 5. Notices to that effect are being posted today by the Shipbuilders' Federation. The men affected are employed chiefly at the east coast ports, at Barrow and on the Clyde. Some time ago lockout notices were issued because of a number of section strikes in which the men left work without giving notice and without discussion of their grievances. The notices, however, were withdrawn and what is known as the Edinburg agreement was entered into. Under this the representatives of the men stipulated that such annoying strikes would be avoided in the future. The society repudiated the action of its representatives, and the federation is now determined to fight the men to a finish. With the prospective strike of the members of the Amalgamated Society of Railway Servants, which, unless prevented, will be one of the most serious ever known in the United Kingdom, the labor situation in this country is becoming most critical. The leaders of the railway men, however, are making every effort to conciliate the companies, and it is hoped that arbitration or some other plan will be found to solve the grave problem.

LETTERS OF GREETING

Epistles From the Fifteen "Yearly Meetings" Report on the Work Done and to Be Done.

Fiftieth Annual Session of Western Yearly Meeting of Friends Closes at Plainfield.

Plainfield, Ind., Sept. 19.—The fiftieth annual session of the Western Yearly Meeting of Friends has come to a close here. At the final business session epistles from other yearly meetings were read. There are fifteen yearly meetings attached to the orthodox Friends' church, twelve in the United States, one in Canada, one in England and one in Ireland, each of which sends an epistle to the others. Besides these yearly meeting epistles, there is one general epistle that comes from the mother church in London. These epistles are letters of greeting and of report on work accomplished and yet to be done. They are the uniting force that keeps the Quaker church in one great body. Committees were named for all departments of the Western yearly meeting, each committee having supervision over the work to be done during the coming year.

SLOWLY CHOKED TO DEATH

Woman Strangled From Flow of Blood Following Teeth Extraction.

Logansport, Ind., Sept. 19.—Mrs. Nanna McGuire of Washington township, Carroll county, suffering from decayed teeth, came here to have them extracted, and she insisted on taking chloroform while the operation was being performed. Dr. Grace accompanied her to Dr. Hetherington's office, where the chloroform was administered. Twenty-one teeth were extracted, and as she was passing from under the influence of the chloroform her jaws closed and her mouth filled with blood. Both physicians exerted themselves in opening her jaws, and were partially successful when she inhaled the blood which had collected in her mouth and which was drawn into her windpipe, choking her. Other physicians were called and they worked for half an hour in trying to save the woman's life, but she could not force the blood up and she slowly strangled to death. She was thirty-six years old, the mother of three children.

She Missed Her Lover.

Indianapolis, Sept. 19.—The waywardness of Cupid and the despondency that followed caused Miss Minnie McBride, the twenty-year-old daughter of R. H. McBride, living near Southport, to kill herself with poison. The girl had been receiving the attentions of a young man living in Valley Mills. They were lovers and their friends thought it only a question of time until they would be married. About three weeks ago they quarreled over a trifling matter and the young man called only once at the Southport home after that. During the last two weeks the girl had not seen or heard from her lover and she became despondent.

Mistook Word's Meaning.

Terre Haute, Ind., Sept. 19.—George and John Lawrence, brothers, seventy-seven and fifty-five years old, respectively, were convicted of chicken stealing, and when John was fined \$5 and costs and disfranchised for three years, his wife, thinking that disfranchisement meant imprisonment, collapsed, and was not restored to consciousness for some time. The old men, it was shown, made a practice of stealing chickens and selling them in the local market.

Will Meet at Fort Wayne.

Peru, Ind., Sept. 19.—The Northern Indiana Dental association has closed a successful session here. The convention next year will be held at Fort Wayne. The election of officers resulted: President, Dr. L. J. Mason, Fort Wayne; vice president, Dr. T. A. Goodwine, Warsaw; secretary, Dr. J. A. Dinwiddie, Lowell; treasurer, Dr. W. R. Meeker, Peru; supervisor of clinics, Dr. M. A. Paine, Wabash.

A Tipton Girl Honored.

Tipton, Ind., Sept. 19.—Word has been received from Miss Pearl Vaughn, who has been spending the last year in Berlin and Paris, studying music, that the Whitney-Hoff \$500 prize for scholarship in music has been awarded her. There were a number of American girls contesting for this prize, and that it should fall to Miss Vaughn gives great pleasure to her Tipton friends.

Killed by Toppling Wall.

Fort Wayne, Ind., Sept. 19.—Gustav A. Schultz, boiler-maker, was killed by the fall of 100 feet of a brick wall, seventeen feet high, on the fourth floor of the new Marquette building. He was employed in riveting the iron beams for the sixth floor. Schultz was married, with three children, who are left without means.

CURIOUS BOOKKEEPING

An Astonishing Problem of Financial
Accounting Which Comptroller
Fay Failed to Explain.

A Bit of Legerdemain by Which
Dividends of \$32,000,000 Are Paid
Out of \$7,000,000 Profits.

New York, Sept. 19.—More light
was shed upon the remarkable earning
capacity of the various subsidiary
companies of the Standard Oil com-
pany when Frank B. Kellogg, who is
conducting the federal suit, succeed-
ed in placing upon the record the
profits of seventeen of the principal
subsidiary companies in the years 1903
and 1906. The statement of earnings
of the Standard Oil Company of Indi-
ana, which was recently fined \$29,240-
000 by Judge Landis of Chicago for
rebatting, disclosed that in 1906 the
company earned no less than \$10,516-
082 on a capitalization of \$1,000,000,
or over 1,000 per cent a year. The
Indiana company in 1906 earned more
than any subsidiary company of the
big combination.

Mr. Kellogg developed, while Clarence
G. Fay, assistant comptroller of the
Standard Oil company, was on the
stand, a curious problem of financial
bookkeeping or handling of accounts,
which Mr. Fay failed to explain. From
figures submitted it was shown that
the Standard Oil Company of New
York in 1904 made a profit of \$7,751-
160, and paid in dividends to the Stan-
dard Oil Company of New Jersey the
total sum of \$32,998,430. This trans-
action reduced the net assets of the
New York company from \$40,425,900
to \$15,179,706, while the liabilities
leaped from \$47,646,235 in 1903 to
\$81,395,145 in 1904, an increase of
nearly \$34,000,000. The gross assets
of the New York company, however,
increased from \$88,074,561 in 1903 to
\$96,574,852 in 1904. Meanwhile the
accounts receivable of the Standard
Oil Company of New Jersey grew
from \$19,045,014 in 1903 to \$58,272,924.

Mr. Fay was closely questioned as
to the nature of the increased liabil-
ities of the New York company and in-
crease in the accounts receivable of
the Standard Oil Company of New
Jersey, but he said he could not tell
until he had examined the books of
both companies, which he told Mr.
Kellogg he would do. Charles M.
Pratt, secretary of the Standard Oil
company, recalled to the witness
stand, told how he had held for the
Standard Oil company the stock of the
Waters-Pierce Oil company at the
time when it was not permitted to op-
erate in the state of Texas. He said
that he held the stock as a matter of
convenience and not to avoid the anti-
trust laws of Texas. Mr. Pratt threw
some interesting side-lights on the
Waters-Pierce Oil company, the stock
of which was held for a long period
by M. M. VanBuren, who was not
connected with the Standard Oil com-
pany. Mr. VanBuren purchased the
stock from Mr. Pratt and early this
year the Standard company bought it
back. The nature of the transaction
showed that Mr. VanBuren received
from the Standard Oil company ex-
actly what he paid for the stock, and
that during the time he held it the di-
vidends were paid to the Standard com-
pany.

Wesley Tilford, treasurer of the
Standard Oil company, was called to
the stand and Mr. Kellogg made an
effort to have spread on the record
a copy of the trust agreement of 1882,
but John C. Milburn, chief counsel for
the defendant companies, objected on
the ground that such an agreement
was prior to July 2, 1890, when the
Sherman anti-trust law went into ef-
fect.

Returns From Oklahoma Do Not Alter
First Figures.

Oklahoma City, Okla., Sept. 19.—
The returns from Tuesday's election
continue to be of the same effect—
that the constitution has been adopted
3 to 1; that prohibition has carried
by at least 30,000, and that the whole
Democratic state ticket, headed by
Charles N. Haskell of Muskogee, has
been elected by a majority of more
than 20,000.

In the congressional election the
Democrats seem to have chosen four
of the five representatives. The leg-
islature is Democratic by a large ma-
jority and will elect as United States
senators Robert L. Owen, a Cherokee
Indian, and T. P. Gore, the famous
blind orator. They were nominated by
primaries in June.

death.

An unfavorable spring is no proof that crops in the United States will be poor. The harvests of 1907 show that the rallying power is great after a perverse spring, and much of the credit must be due to the scientific skill of American farmers. Never was there a time when Rush county farmers gave so much time to studying the "art of farming." Institutes and scientific literature has made them many dollars.

One of our "largest" tax payers made a kick yesterday that the employees on the street had stopped to eat watermelon "before the whistle blew," and it cost the city at the rate of twenty cents an hour while the ten members of Greenlee's White Wing were devouring the luscious fruit. But these are the melancholy days, and one is privileged to register a howl occasionally.

Passers-by were pained to see an eviction scene on West First street last night, where a mother, three children and a few household effects were obliged to remain on the sidewalk several hours while the husband made an effort to find other quarters. Failure to pay the rent is said to be the cause of the family being set into the street.

CATARRH IS CURABLE

Successful Experiments in Abating and Curing This Disease

Catarrh is an entirely unnecessary disease and should not be tolerated for a single day now that Hyomei is so generally known and has made so many cures in Rushville and other towns.

Until comparatively recent times catarrh was thought to be a blood disease and stomach dosing the only treatment. Modern science finally disproved this idea of the cause of catarrh, and found that it was a germ disease and, after many experiments, the remedy was decided to be Hyomei.

Hyomei medicates the air you breathe; it kills the catarrhal germs; it heals the smarting and raw membranes of the passages in the nose and throat; it cures all catarrhal troubles.

As there is life and health in the air in the mountain tops where the pine forests give off their fragrant and healing balsams, so there is life and health in breathing Hyomei. There is no need of suffering from catarrh if the simple and natural treatment of Hyomei is used.

So sure is this prescription to cure the worst cases of catarrh that the Rushville Drug Store sells it with a late guarantee to refund the money if it does not do all that is claimed.

THE SAME OLD SONG

But the Democrats Have Added a New Verse

Connersville News: It is worthy of notice that Democratic papers of the District raise the question of Mr. Watson getting the nomination for Governor, intimating all kinds of trouble in Republican ranks but they clearly admit, by inference, that the nomination is equivalent to an election. And they are wise in not adding down ridicule on themselves by making claims of party success at the polls. And they are singing the same old anti-Fairbanks song they have been singing for years only that now they substitute the name of James E. Watson, where that of Albert J. Beveridge was used before.
